Student papers Students are encouraged to submit papers for the undergraduate papers session. Honours theses, project reports, and term papers are possible sources of proposals. A proposal for the students' session should indicate clearly that the paper is for the students' session. The best student paper will be awarded a \$100 prize. Papers derived from graduate theses will be considered for presentation in the regular conference sessions.

Abstract submission Contributions are welcome from researchers in universities, government, the private sector, and NGOs. Please submit by e-mail a **title**, an **abstract** of up to 400 words, and the author's **name**, **institution**, and **e-mail address**. If the paper has more than one author, please provide these details for each author. The deadline for abstract submission has been extended until September 30th, 2013. A copy of the paper may be submitted if it is available (in Portable Document Format, PDF if possible). Although the conference has a theme, papers on other topics are also welcome. Please feel free to propose and organize sessions on special topics, as well as panels or roundtables. Proposals for presentations on the teaching of economics will also be welcomed.
